

SAFRAN LANDING SYSTEMS – Groupe ESC Pau - Traineeships

Organisation: SAFRAN LANDING SYSTEMS (& Pau Business School, France)À.

Location: Bidos, near Oloron Sainte Marie, France

Date posted: 14/10/2019

Closing date: 31/03/2020

Job description

This SAFRAN Group Internship is run in partnership with the Pau Business School Corporate Language Training Centre.

The traineeship offers an exceptional opportunity for 1 talented person with an interest in multinational business and international communication.

The 5 month programme is open to undergraduate students able to use French independently in routine work-related situations, with an impeccable command of written and spoken English. Excellent interpersonal and organisational skills are a must, as the successful candidate will share their time providing English language coaching for Safran personnel and providing translation and administrative support work for the company's corporate training department.

Positions available

- Bidos – 32 km from Pau (French Pyrenees) – 1 position

Dates

For a 5 month period: **31/08/2020 – 29/01/2021** (the company will be flexible on the exact start date)

Prerequisite

For this position, the candidate may decide to live in Pau near the station to go by train to the company site in Bidos.

Previously the work placement student has either stayed in student accommodation in Pau or found rented accommodation in Oloron within walking distance of the site and has found this to be more convenient.

British nationality required.

Remuneration Package

- Salary and holiday arrangements to be arranged directly with the company
- Subsidised meals at the company canteen.
- Help from Pau Business School International Department in finding accommodation.

The Company

Safran Landing Systems is today's leading manufacturer of global landing gear. The company is part of the Safran group.
